TOOL DETAILS

CODE: E3G0023035QZ435

REFERENCE: Milling cutter type EVOGRES 1/2 gas

DIMENSIONE: Ø 23 x L. 35 mm35 mm.

OBSERVATIONS: Inform the supplier of type of coupling.

RECOMMENDATIONS AND CONDITIONS

CONDITIONS

4000 rpm and 200 mm/min for any DEKTON® colour.

The use of high volumes of cooling water is necessary to achieve a top quality cutting result.

TIPOS DE TRABAJO

Reduce the speed for work with tight corners.

OBSERVATIONS

This tool gives a top quality cutting result.

For straight cutting, start diagonally to prevent the material from breaking. Then finish, by starting with the side opposite to the one you started with.
